

**Boats Inc. is happy to announce we are heading into our 37<sup>th</sup> year of making weekends fun! Not only are we a third generation family business, we look forward to sharing it with you and your family too. Sales, service, and trust are the basis of what we do. As always, we service what we sell first, and provide full service to all of our customers.**

**We are happy to be the new Jones Brothers dealer in Eastern North Carolina. We currently have new and pre-owned boats here in stock. Jones Brothers Marine is the original “soft ride” flat bottom boat- we invite you to come see! They have been a longstanding local household name, and we look forward to working with them in the future.**

**Robalo is celebrating its 40<sup>th</sup> year by introducing its new model-the R247. This is the sister dual console to the R227. This boat has plenty of room to entertain and enough cockpit to catch fish. Its' high energy details and user friendly options put this Robalo in a class by itself. It is one of Robalos' best ideas yet!**

**Sundance will be unveiling their two new models in the spring of 2010- the NLX and the Flicker. The NLX has a Vee bow, while still appealing to the flat bottom boaters. Its' concept is designed for those who are looking for the best of both worlds. The Flicker is tailored for all your backwater fishing. Check out our website for more information.**

**Starting in January we'll have a NEW boating photos link on our website. Please email us your favorite boating and fishing pictures and you'll have a chance to be our featured boater. We want to see you enjoying your boat!**

**We look forward to starting a new season with you as our valued customer. We are here to assist with any sales, service, or accessory needs you may have. Our trained staff is ready to help make your boating experience on the water more enjoyable!**
